LIS announces retail leasing data distribution agreement with the Australian Retailers Association

Leasing Information Services have today announced a formal agreement with the Australian Retailers Association to provide their members with retail leasing data, centre statistics and demographics for the certain centres in NSW, Queensland, ACT and Northern Territory. The data is only available for ARA members, who will receive a discount. The data can be accessed through the ARA website, by following this link:

The managing director of LIS, Mr Simon Fonteyn said “ We are very excited about our relationship with the ARA. This set-up will allow smaller businesses the ability to access retail leasing data at reduced rates. The initial set-up includes about one hundred and fifty centres, however, this will expanded to include other centres and strip retail over time. ”
